About SkyEagle Technologies

SkyEagle Technologies is a Bengaluru-based IT infrastructure and managed services company serving commercial enterprises across Karnataka. Founded with a mission to deliver enterprise-quality technology solutions at transparent, accessible prices, we operate as a full-service IT department for growing businesses.

Under the coordination of Saarika (+91 93534 27314), our certified team delivers responsive on-site and remote support, rapid hardware procurement, structured cabling installations, cloud migrations, and annual maintenance services.

CORE SERVICE PORTFOLIO

- * IT Infrastructure Design -- Office network layouts, server rack installations, cable management
- * Networking & Wi-Fi -- WAN/LAN routing, VLAN configuration, Cisco/Ubiquiti AP deployments
- * Cyber Security & Firewall -- Sophos & Fortinet NGFW, VPN tunnels, Zero Trust policy mapping
- * Cloud & Microsoft 365 -- Azure migrations, Exchange Online, SharePoint, OneDrive setups
- * CCTV & Surveillance -- IP camera installations, NVR/DVR configuration, remote monitoring
- * Server Management -- Windows Server, Active Directory, Group Policy, patch management
- * Data Recovery Services -- HDD, SSD, RAID, NAS data extraction and recovery
- * Refurbished IT Hardware -- Dell, HP, Lenovo, Apple certified business laptops and desktops
- * Printer Rentals -- HP, Canon, Epson, Brother laser and inkjet office printer rentals
- * Annual Maintenance Contracts (AMC) -- Preventive maintenance, priority SLA support
- * IT Procurement -- Genuine OEM hardware sourcing and vendor-certified components
- * Structured Cabling -- CAT6/CAT6A copper and fiber optic LAN infrastructure
- * Remote Support -- Dedicated helpdesk with fast ticket resolution workflows
- * Website & Digital Setup -- Business hosting, domain, email, and cloud tools

Why Businesses Choose SkyEagle

KEY DIFFERENTIATORS

- * Certified OEM-trained engineers with hands-on enterprise experience
- * Transparent, flexible pricing -- no hidden service charges or lock-in costs
